**Conservation Strategy Team
Meeting
December 8, 1998
9:00am-12:00noon
at
Jones & Stokes Associates
Lobby Conference Room**

Purpose of Meeting: Discuss the habitat-based analysis for the Conservation Strategy and the use of GIS to assist in the analysis. Present progress on task assignments from the November 17, 1998 meeting.

Expected Outcome of Meeting: Finalize the list of habitat and fish group summary tables that will be prepared and the structure of those tables. Finalize summary outcomes that will be analyzed for the Conservation Strategy.

Agenda Items:

1. Review of agenda - All (9:00-9:05)
2. CALFED news items and schedule update - Marti and Mike (9:05-9:15)
3. Review draft list of habitat ^{& fish groups} to be covered in the CS (NCCP covered habitats) - Pete and Paul (9:15-9:30)
4. Review of partial draft species x habitat matrix - Pete (9:30-9:45)
5. Review of draft structure for habitat-based conservation matrices - Pete (9:45-10:30)
6. Review of revised summary outcomes for all common programs in all regions - Pete (10:30-11:00)
7. Approach to spatial-temporal analysis using GIS - Gerrit and Paul (11:00-11:30)
8. Next meeting topic and date (11:30-11:45)
